

Fifth consecutive year of recognition; advanced in 'Completeness of Vision' compared to 2024 positioning

Tallinn, Estonia — September 30, 2025 — Wildix, a global provider of AI-powered business communications, today announced it has been recognized as a Niche Player in the 2025 Gartner® Magic Quadrant™ for Unified Communications as a Service (UCaaS). This is the fifth consecutive year Wildix has been included in the report. The company remains the only European vendor in the report.

In the 2025 edition, Wildix advanced further on the Completeness of Vision axis within the Niche Players quadrant, moving ahead of its 2024 position.

Wildix's model stands apart by serving midsize enterprises, sales-oriented organizations and frontline-heavy industries. With a solid base in Europe and growing momentum in North America, the company is steadily reinforcing its global presence.
